Stakeholders' reactions to proposed recommendations

- Alfredo Carrato, Pancreatic Cancer Europe
- Jacqueline Daly, ECPC Board member

Q&A session and open discussion with speakers and participants

Concluding remarks

Event moderated by Tit Albreht

The Innovative Partnership for Action Against Cancer (iPAAC) Joint Action brings together 24 Associated Partners (with Affiliated Entities, 44 partners) across Europe whose main objectives are to build upon deliverables of the [CANCON Joint Action](#) and to implement innovative approaches to cancer control. A Roadmap on Implementation and Sustainability of Cancer Control Actions to help EU Member States in the implementation of iPAAC and CANCON recommendations will be the main deliverable of this Joint Action. Find all about iPAAC at: <https://www.ipaac.eu/>

The iPAAC's Work Package 10 (WP10) is working on governance of integrated and comprehensive cancer care by developing practical instruments for Member States for ensuring integrated and comprehensive oncological care that is tumour-specific and delivers high-quality care to all patients.
